RPM EASY PDF
A Suite Engine Application

MICROSOFT DYNAMICS 365 BUSINESS CENTRAL

User Manual

Version: 1.0

Last Revised: October 7, 2022

USER MANUAL

This document presents setup information regarding the RPM Easy PDF add-on for Dynamics 365 Business Central.

Please ensure that the Rental Process Management (RPM) by Suite Engine application is correctly installed in your Microsoft Dynamics 365 Business Central instance before proceeding.

CONTENTS

**Suite Engine, LLC | suiteengine.com**

INTRODUCTION

Rental Process Management provides key functionality for equipment dealerships that rent, sell and service equipment. Easy PDF provides e-mail, batch and print capabilities for Dynamics 365 Business Central. The RPM Easy PDF application is a free application that integrates Easy PDF with all RPM documents. RPM Easy PDF makes batch emailing RPM Invoices simple and worry free.

DEPENDENCIES

RPM Easy PDF requires that the Business Central tenant have the latest versions of both Rental Process Management and Easy PDF installed.

EXTENSION MANAGEMENT

After installation, in page "Extension Management", make sure that app "RPM Easy PDF" is installed.
