INTRODUCTION

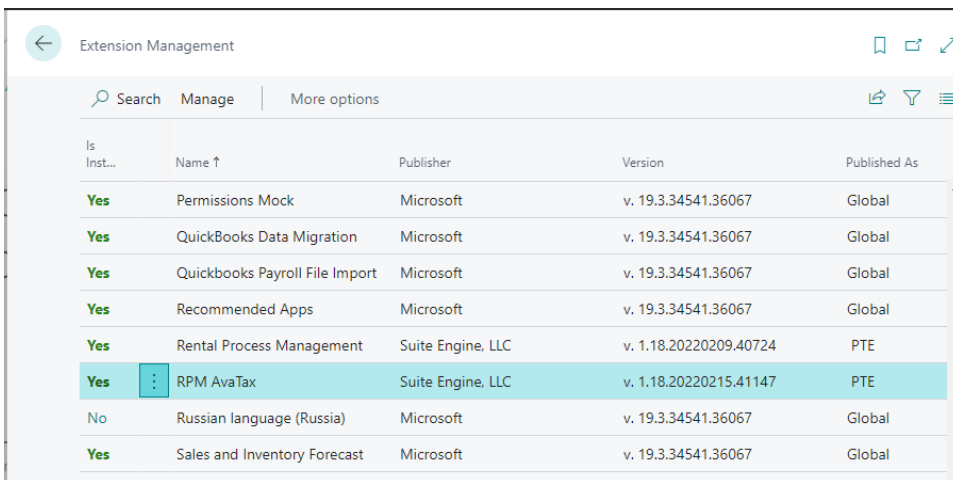

Rental Process Management provides key functionality for equipment dealerships that rent, sell and service equipment. Avalara AvaTax provides tax compliance software to handle the needs of companies that don't want to manage their sales tax jurisdictions and reporting themselves. The RPM AvaTax application is a free application that integrates Avalara AvaTax with all of the RPM documents required to charge tax. RPM AvaTax makes tax compliance simple and worry free.

DEPENDENCIES

RPM AvaTax requires that the Business Central tenant have the latest versions of both Rental Process Management and Avalara AvaTax.

EXTENSION MANAGEMENT

After installation, in page "Extension Management", make sure that app "RPM AvaTax" is installed.

SETUP

Once Avalara AvaTax has been setup and the proper tax setups defined, there is nothing else left to setup. RPM AvaTax will simply make RPM work with AvaTax.
